Stylized & Realistic

Stylized

- Clear, minimal conceptual
- Great for early design & portfolios
- Uses outlines, AO, and flat shading

Realistic

- Immersive, atmospheric, material-rich
- Ideal for presentations & storytelling
- Uses lighting, PBR, and realism

D5 Lite - AI-Powered Lightweight Rendering

D5 Lite is an independent plugin, with limited AI use in the EDU version. Seamlessly connect to D5 Render for advanced design development. Now Supporting SketchUp, Rhino Coming Soon.

Conceptual Design - AI Image Generation

Asset Library

Lighting Setup

Integrated with SketchUp to automatically capture SketchUp model screenshots, offering multiple preset styles for architecture, landscape, and interior design. The AI automatically generates high-quality images to assist in early-stage scheme development and inspiration generation.

Post-Processing

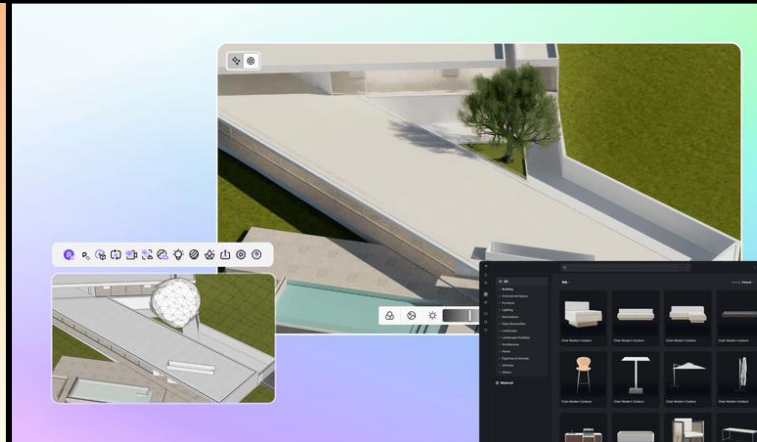

**AI credits are fixed and will not reset upon EDU license renewal.*

D5 Works - Curated Assets for Spatial Design

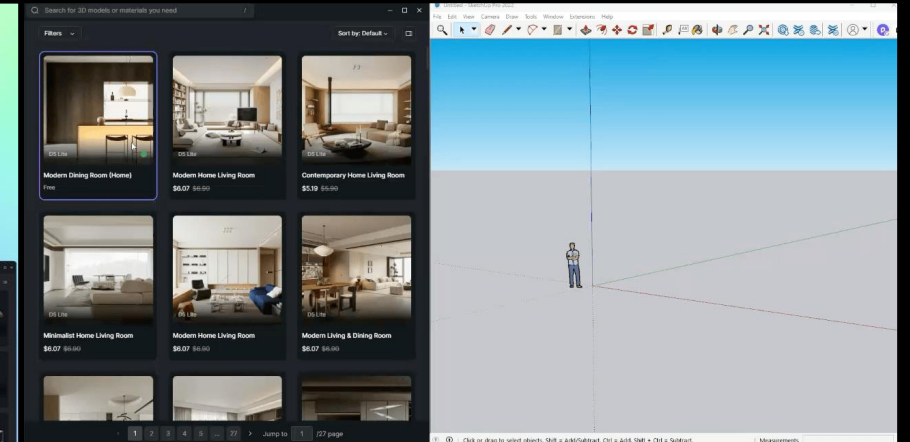

An asset platform tailored for architecture, landscape, and interior design professionals

Access D5 Works Directly Within the D5 Launcher

D5 Works into SketchUp with Real-time Feedback in D5 Lite

Drag from D5 Works into SketchUp for Seamless Integration

The fuel for your creativity. A platform built for AEC professionals. Access thousands of render-ready models and materials. Drag, drop, and keep moving.

D5 Livesync

Seamless Integration with Modeling Software.

The software supported by D5 includes: SketchUp, 3ds Max, Rhino, Revit, Archicad, Blender, C4D, and Vectorworks; Real-time workflow of models, viewpoints, lights and other data with D5 Render for real-time rendering.

Supports importing file formats such as: .skp, .fbx, .abc, .3dm, and .d5a.

D5 Render: Pro vs. EDU

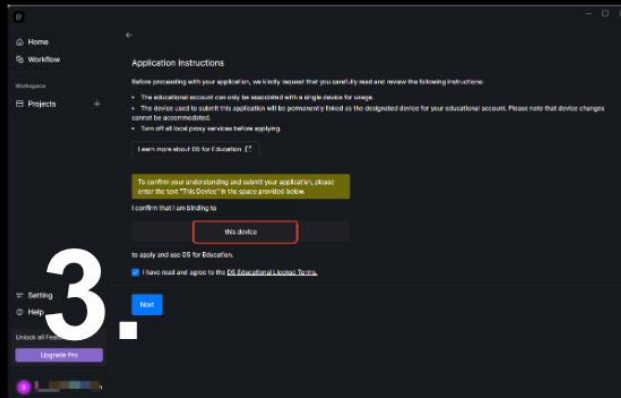

Get D5 for Education – Free EDU License for students & educators

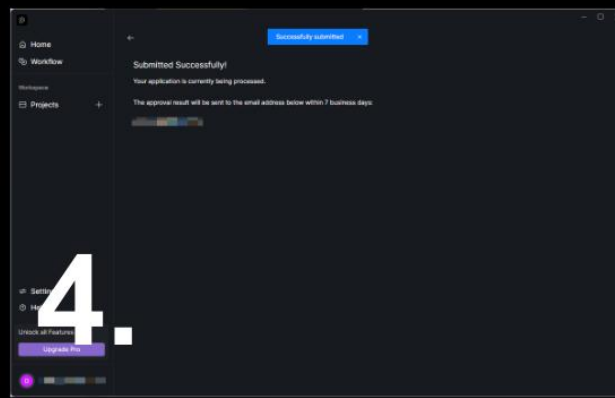

Download and Open **D5 Launcher**

Sign in or sign up with your **school email**, ensuring your account is in **Community** status

Click “**Get D5 for Education**” to apply and confirm your device binding is correct

Fill out the required information and submit your application.

🕒 *The review process typically takes **7 working days**.*

Required Documentation

📁 For Students (one of the following)

- Student ID card (or equivalent university document)
- Official proof letter on university letterhead confirming current enrollment
- Transcript of records (if proof letter is unavailable)

👤 For Educators

- School ID showing teaching status
- Document confirming current employment at your institution
- Proof of the institution's government-recognized educational status

All documents must include:

- Issue date (no older than three months)
- Your full name
- Your institution's name

🖼️ **Watermark:** Renders **without watermark**

💻 **Device Restriction:** One designated computer only (fixed seat)

🔧 **Usage Purpose:** For **education & research only**

⌚ **Duration:** 180 days (renewable upon re-application)

🚫 **Eligibility Conflict:** Cannot apply if you already have a **D5 Pro account**

Thank You!
